

**COLLECTION 2026**

## Urban Moves – Strollers for outdoor use, city life & lifestyle

Since 1997, tfk has been bringing high-quality, safe, and sporty strollers to the market. All tfk strollers are TÜV-tested, ensuring the highest standards of safety and reliability. Today, the brand combines outdoor expertise with an urban lifestyle: modern, stylish, and functional. The new collection is designed for urban families and sports enthusiasts who appreciate design, quality, and comfort. Whether in the city or in nature – tfk strollers are premium products that combine safety, style, and innovation. The tfk mono4 is a four-wheeled stroller that joins the brand's iconic all-terrain three-wheeler – perfect for modern families on the go.

**A stroller. Four years.**

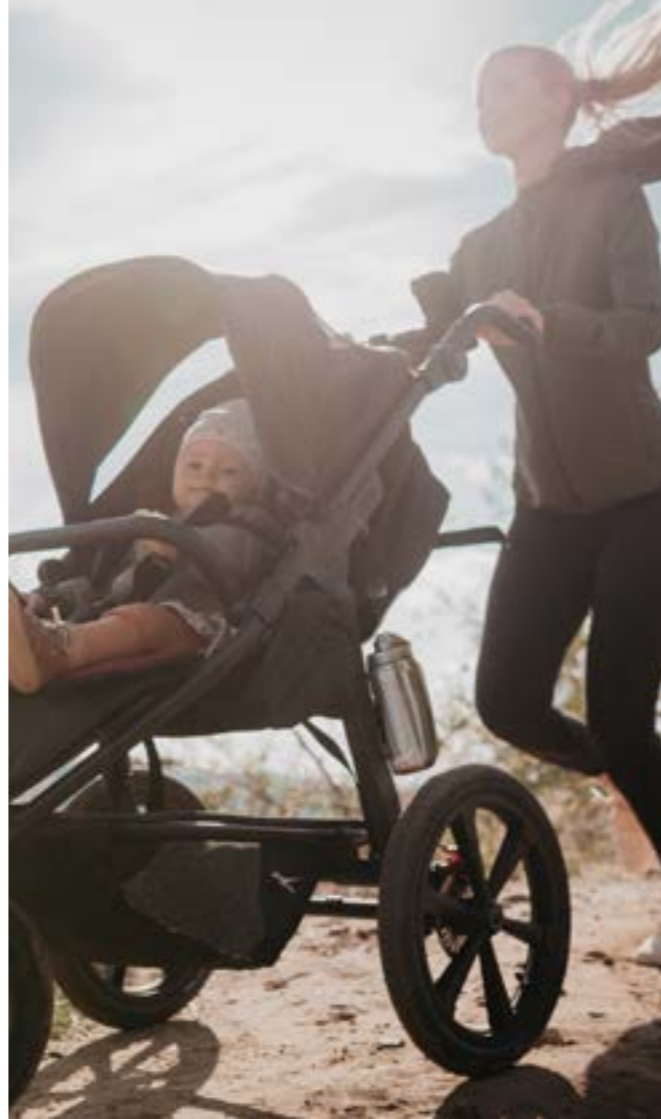

**Buy less, use more.**

**The patented combi unit:  
From 0 to 48 months**

We are the only manufacturer to offer a combi unit that grows with your child: It starts out as a classic carrycot and can be converted into a seat with a single motion. The seat can be rotated in both directions, so your child can either face you or explore the world. This makes the tfk stroller a constant companion from day one through toddlerhood.

pro

### Highlights:

## Practical accessories for your tfk stroller

Thanks to our well-designed accessories, you can easily customize your tfk stroller to suit your needs.

### Gentle sleep at home

The Rocker adapter for the combi unit (carrycot and seat) of the mono3, mono4, pro, and duo models transforms the carrycot into a gentle rocking seat. Simply attach it and gently rock your child to sleep.

### More comfort in everyday life

Whether it's a footmuff, car seat adapter, organizer, multiboard or citybag - our accessories are developed by parents for parents and make everyday life even more comfortable.

You can find more accessory options, spare parts, and your local dealer at:

### **For the greatest adventures: family**

When a child is born, everything changes. tfk accompanies you from the very beginning - in everyday life, on excursions, and in all those special moments in between.

### **Experience you can rely on**

For nearly 30 years, tfk, a German family-owned company, has been synonymous with premium quality, proven safety, and well-designed products. Developed by parents - for families.

### **For what really matters**

From our own experience, we know what parents need. Our strollers make family life easier, safer, and more comfortable. Manufactured with care for natural resources and designed with the future in mind - so that our children can grow up in a future worth living.
